Leap year comes but once every four years. Recessions come much less frequently but tend to hang around longer. We can put a dent in the recession but it requires everyone to get off the couch, grab some wine-loving friends and come join us for an evening of simple, hedonistic indulgence. Akbar and Gourmet Wine Getaways have teamed up to provide you an affordable opportunity to get together with old friends and make new friends while enjoying a gourmet wine and food dinner. The wines we'll be pouring are international in scope and great values as well! Owner/Chef Avinash Kapoor has created a magnificent menu to pair with these outstanding wines. Join wine expert Peter Kerr as we explore the art and science of wine & food pairing, and learn about the wines and the regions they hail from. Let's start the year off on a high note (pun fully intended) & help do our part to bring this recession to a close!
